PlantMate
Turf Pro
Root Conditioner

1.5kg

Rootzone Bio-Inoculant for all Fine Turf

WP formulation designed for spray application to the turf rootzone.

Regular application of PlantMate Turf Pro increases the beneficial bio-activity in the rootzone which improves the vigour and resilience of the turf.

Active Ingredients: *Trichoderma atroviride* (strain LU132) 250 million cfu/g.

INSTRUCTIONS: Ensure the spray tank is washed clean and free of chemicals. Stir the contents of this packet thoroughly into 15-20 litres of fresh clean water in a bucket. Add this pre-mixed suspension to 500 litres of clean water in the spray tank. Mix well and ensure continual agitation during application. Apply by boom spray to an area of up to 1 hectare. After application it is recommended that light irrigation be applied.

APPLICATION	RATE	COMMENT
Greens Maintenance	3kg per hectare first application. Then 1.5kg per hectare monthly.	Best results achieved by early application. Start early Spring (3kg) then 1.5kg per ha.
New green construction	PlantMate Granular at 2-5kg per 100m ² . PlantMate Turf Pro at 1.5kg per ha.	Seeding: Work PlantMate Granular into the final prepared surface and lightly press in with a roller or bunker rake. Follow up with PlantMate Turf Pro @ 1.5kg/ha. Sodding: Work PlantMate Granular into the final prepared surface and lightly press in with a roller or bunker rake. Follow up with PlantMate Turf Pro @ 1.5kg/ha.
Hydroseeding	1.5kg per hectare	Thoroughly mix the required amount of PlantMate Turf Pro into the mixer tank prior to adding sed (and mulch if used).

SAFETY PRECAUTIONS:

Keep out of reach of children. Wear a mask when mixing with water. Store refrigerated but do NOT freeze. Crush the empty sachet and bury in an approved landfill. Do not contaminate the water supply with material or the empty pack.

INDEMNITY CLAUSE:

Notice to Buyer: The manufacturer of PlantMate Turf Pro makes no warranty of any kind on the use of this product and accepts no liability for results from its use whether used in accordance with the label directions or otherwise. Seek independent advice prior to use.
