PlantMate Greenhouse

Rootzone Booster WP

2kg

Rootzone Booster WP

PlantMate Greenhouse is suitable for all nursery and covered cropping applications

PlantMate Greenhouse contains *Trichoderma* Root Endophytes formulated in an easy to mix wettable powder. These Endophytic *Trichoderma* will enhance plant performance throughout the growing season.

Active Ingredient:
Selected strains of *Trichoderma Atroviride* - 500 million cfu/g

INSTRUCTIONS:

Mixing: Ensure all mixing tanks are thoroughly washed to remove any chemical residues. Always pre-mix PlantMate Greenhouse by adding to small quantities of water (1-2L). Mix well and add to the dispensing tank which should contain a minimum of 100L clean water. After applications through micro delivery systems, dripper or tape, always flush with clean water. PlantMate Greenhouse may be applied with fertilizers, seaweed extracts and diluted fish-based products.

APPLICATION	RATE	COMMENT
NURSERY APPLICATION		
All direct seeded plug plants.	After pre-mixing in a smaller quantity of water. Mix into the holding tank at a rate of 2g/L.	Water onto media at seeding. Use through one of the spray bars when seeding trays. Apply to seedling trays prior to the germination chamber.
COVERED CROPPING		
Tomatoes / Cucumber / Capsicum - 200g/ ha etc..	Application rate is 200g/ha.	Apply at planting and every 2-4 weeks through the crop season.
Leafy Greens Hydroponic / NFT systems.	100g/1000L. Apply every 10-14 days.	These recommendations apply to all systems including open, closed, re-circulating and run to waste. Suitable for rockwool, pumice, vermiculite and other artificial substrates.

SAFETY PRECAUTIONS:

Keep out of reach of children. Wear a mask when mixing with water. Store refrigerated but do NOT freeze. Crush the empty sachet and bury in an approved landfill. Do not contaminate the water supply with material or the empty pack.

INDEMNITY CLAUSE:

Notice to Buyer: The manufacturer of PlantMate Greenhouse makes no warranty of any kind on the use of this product and accepts no liability for results from its use whether used in accordance with the label directions or otherwise. Seek independent advice prior to use.
